Journey of Success

The Bombay Burmah Trading Corporation, Ltd.

A 150 year legacy built on Credibility, Trust and Integrity. An Organization that balances commercial objectives with environmental and social responsibilities to generate enduring value for all its stakeholders.

Chairman's Message

Dear Shareholders,

On 3rd September 2013 your Company will achieve the distinction of being the first Indian Company to complete 150 years as a company listed on BSE.

Through these long years, the Corporation has witnessed many challenging situations including two World Wars, the Great Depression, the independence of our country, the emergence of the European Union and the rise of the tiger economies in the East. The Board and Management of the Corporation have not only been able to adapt to these challenging conditions but have also been able to ensure that the Corporation today is stronger than it has ever been.

The past fifty years have seen a number of changes in the business portfolios of the Corporation. Overseas companies like North Borneo Timbers and P.T. Indo Java have been divested and Britannia Industries has been bought into the fold as a subsidiary.

I have had the pleasure and privilege of being involved with the Corporation for thirty three of these last fifty years and can assure you that we stand committed to the values of teamwork, trust and integrity and to serve you, our esteemed Shareholders, and all other stakeholders.

I would like to thank all those who over the years, have served with the Corporation, our Directors, Managers, Employees and Stakeholders in different parts of the world, for their contribution to the Corporation. Most important, I would like to thank you dear Shareholders, for the support you have given to us throughout these 150 years.

I am convinced that the best is yet to come.

Nusli Wadia.

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT

(Pursuant to Section 173 of the Companies Act, 1956)

Item No. 8:

The Non-Executive Directors and the Independent Directors of the Corporation bring with them significant professional expertise and rich experience across various functional areas and it is considered desirable to compensate them for their time and efforts as also to retain the talent pool available to the Corporation.

The shareholders, at the 143rd Annual General Meeting held on 30th July, 2008 passed a Special resolution for approving the payment of Commission to the Non-Executive Directors and Independent Directors at a rate not exceeding 1% of the net profits of the Company in any financial year (computed in the manner provided in Section 198 and 309(4) of the Companies Act, 1956) for a period of five years commencing from 1st April, 2008. Pursuant to Section 309(7) of the Act, this Special Resolution was in force upto 31st March, 2013. It is now proposed to obtain shareholders' approval for payment of Commission, if so decided by the Board, to the non-executive directors, for a further period of five years with effect from 1st April, 2013.

The approval of members is also sought for payment of commission to the Non-Executive Directors and Independent Directors at a rate not exceeding 3% of the net profits of the Company in any financial year, if the Corporation does not have a Managing Director or Whole-time Director.

As per the requirement of Section 309(4) of the Companies Act, 1956, the payment of Commission to directors is subject to the approval of members by way of Special Resolution.

All the directors, except Mr. Ashok Panjwani and Mr. Ness Wadia, Managing Directors of the Corporation, may be deemed to be concerned or interested in this Resolution to the extent of the Commission that may be payable to them in terms hereof.

2. OPERATIONS:

The year under review despite the challenges has been a satisfactory one for the Corporation.

The Corporation has achieved a turnover of ₹ 243.55 Crores and higher operating profit before tax of ₹ 18.01 Crores compared to ₹ 11.85 Crores in the previous year.

The results are strictly not comparable with those of previous year in view of the mid term

discontinuation of two businesses viz. BCL Springs and Sunmica in the previous year. Further, current year includes results of Auto ancillary business under Electromags division on amalgamation of erstwhile Electromags Automotive Products Private Ltd. (EAPL) with the Corporation.

During the year, the performance of Tea Division was adversely affected due to erratic weather conditions which resulted in lower

production and lower sales compared to the previous year. However, higher average price realization of Tea contributed to reduce the adverse impact on profitability. The Coffee Division with favourable prices and increased volumes contributed substantially to improve the profitability and performance of the Plantation Division.

Health Care Division reported healthy growth in sales and profit over the previous year with successful launch of new Dental products.

Auto Ancillary business under Electromags Division achieved higher profits compared to previous year on account of reduction in overheads despite slow down in auto sector.

3. DIVIDEND:

Your Directors are pleased to recommend payment of dividend @75% i.e. ₹ 1.50 per share of ₹ 2/- each and a one-time Special Dividend of 75% i.e. ₹ 1.50 per share, to commemorate the 150th year of the Corporation. Accordingly, the total dividend recommended is 150% i.e. ₹ 3/- per equity share of ₹ 2/- each (Previous year equivalent ₹ 1.40 per share). The dividend, if approved by the shareholders at the Annual General Meeting, will be paid to those shareholders whose names appear on the Register of Members of the Corporation at the close of business on 26th July, 2013.

4. DIVISIONWISE PERFORMANCE:

(a) SOUTH INDIA ESTATES:

(i) Tea –

The production for the year under review was lower at 78.42 Lakh kgs. as against 84.65 Lakh kgs. for 2011-12 due to low rainfall at Singampatti Estate and almost drought like conditions and uniformly low rainfall at other Estates. Sales Turnover however was higher at ₹ 83.01 Crores compared to ₹ 75.15 Crores of the previous year due to increase in average selling prices.

(ii) Coffee –

Production for the year under review, including outsourced beans was 2,399 Tonnes as against 1,640 Tonnes for the year 2011-12. This was due to higher sourcing of Bought Beans from the current season's crop during November, 2012 to March, 2013 which will be available for sale in the coming year.

Sales turnover was higher at ₹ 28.46 Crores as against ₹ 24.37 Crores in the previous year. Sales volume, however, was at the same level at 1,680 Tonnes as against 1,683 Tonnes in the previous year.

(b) TANZANIAN ESTATES:

The crop for the year under review was lower at 8.14 Lakh kgs. as against 9.22 Lakh kgs. in 2011-12. Sales were at ₹ 5.42 Crores as against ₹ 5.19 Crores in the previous year.

(c) ELECTROMAGS DIVISION:

The turnover for the year was marginally lower at ₹ 105.91 Crores as against ₹ 108.63 Crores for 2011-12. Although the auto sector witnessed a slow down during the year, the reduction in overheads and better cost control enabled the division to achieve higher profits as compared to the previous year.

(d) HEALTHCARE DIVISION:

The turnover for the year was ₹ 18.04 Crores as against ₹ 15.43 Crores for 2011-12. This was due to higher sales of own manufactured products, mainly Dental alloys, despite the discontinuation of some traded products. Dental Products of India Division is the market leader in Dental alloy business in India.

(e) WEIGHING PRODUCTS DIVISION:

Sale of balances for the year under review was ₹ 2.34 Crores as against ₹ 2.31 Crores for 2011-12. The Division continued to operate profitably.

(f) REAL ESTATE DEVELOPMENT:

The Corporation is examining various options for development of properties at Kanjur Marg in Mumbai and at Coimbatore under Real Estate Division. The Corporation is also considering development of a small part of Coffee Estate at Coorg as a "Destination" under Hospitality sector.

5. RESTRUCTURING OF BUSINESS:

Over the last two years, the Corporation's businesses were restructured which resulted in significant debt reduction and corresponding strengthening of the Corporation's Balance Sheet. The Corporation divested Offshore Rubber business, Sunmica Laminates and BCL Springs Division and unlocked value in these businesses.

The amalgamation of the wholly owned subsidiary Electromags Automotive Products Pvt. Ltd. (EAPL), with the Corporation effective 1st April, 2011 as a part of this exercise was completed during the year and the effects of amalgamation have been given in the results of the Corporation for the year under review.

The Corporation has been rated 'A1+' by CARE which is the highest rating for short term bank facilities.

Of the existing businesses viz. Plantation, the Corporation with a view to increase sales volumes of both Tea & Coffee, has resorted to higher procurement of bought leaf for Tea and bought beans for Coffee as is evident from the results for the year under review.

With regard to the Auto Ancillary business under Electromags, the Corporation is working towards widening its customer base and introduction of new products.

The Corporation is examining growth options in value-added businesses and thereby improve its profitability. The sale proceeds received on divestment of businesses in the meantime have been utilized to repay long term debt and have been kept invested in deposits so as to be made available for business opportunities.

6. SUB-DIVISION OF SHARES:

With a view to improve the liquidity of Corporation's Equity Shares in stock markets and to make them more affordable for the small retail investors, as approved by the Shareholders by Postal Ballot, the Equity Shares of Face Value of ₹ 10/- each of the Corporation was sub-divided into 5 Equity Shares of the Face Value of ₹ 2/- each effective from 9th November, 2012.

7. SUBSIDIARY COMPANIES:

In view of the general exemption granted by the Ministry of Corporate Affairs under Section 212(8) of the Companies Act, 1956, the copies of Balance Sheet, Profit and Loss Account, Cash Flow, Directors' Report and Auditors' Report of the Corporation's subsidiaries have not been attached to the Balance Sheet of the Corporation for the year under review. However, the disclosures required under the said exemption have been incorporated in the Annual Report and the Corporation undertakes to make available the annual accounts of the subsidiaries upon request by any member of the Corporation or any of its subsidiaries. Further, the said annual accounts of the subsidiary companies are also kept for inspection by any such member, at the registered office of the Corporation.

8. FINANCE:

The Corporation has repaid installments of term loans availed of from the banks/institutions on their respective due dates. There were no deposits which were due for repayment and remained unclaimed as on 31st March, 2013.

The Corporation has during the year converted the advance subscription given to Leila Lands

Senderian Berhad (Malaysia) its wholly owned subsidiary, into equity shares. This will enable the offshore investment potential to be leveraged.

9. INSURANCE:

The Corporation's plant & machinery, buildings, stocks and assets are adequately insured.

10. INDUSTRIAL RELATIONS:

Relations with the workmen continue to remain cordial at all Divisions of the Corporation.

11. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO:

Information pursuant to Section 217(1)(e) of the Companies Act, 1956, read with the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 is given in the Appendix to this Report.

12. REQUIREMENTS UNDER SECTION 217(2A) OF THE COMPANIES ACT, 1956:

APPENDIX 'A'**STATEMENT CONTAINING PARTICULARS PURSUANT TO THE COMPANIES (DISCLOSURE OF PARTICULARS IN THE REPORT OF BOARD OF DIRECTORS) RULES, 1988 AND FORMING PART OF DIRECTORS' REPORT.****A. CONSERVATION OF ENERGY:****(a) Energy conservation measures taken:**

In the Plantation Estates, Sodium Vapor Security lighting lamps are being converted into LED lights and old motors are being converted into EEF-1 motors in a phased manner.

In the Auto ancillary division, solar energy usage is being introduced in a phased manner.

(b) Additional investments and proposals, if any, being implemented for reduction of consumption of energy:

Solar Water heater installation in residences at the Estates is being undertaken in a phased manner. Monos block pumps are being converted into submersible pumps at selected locations.

Biogas units have commenced functioning at Silpi Estate (Elkhill) and Thay Mudi Estate (Mudis Group).

Continuous upgradation of machinery for fuel efficiency and adequate maintenance measures for optimum fuel efficiency are being undertaken.

(c) Impact of measures at (a) and (b) above for reduction of consumption and consequent impact on the cost of production of goods:

A reduction of around 15% in the energy consumption is expected which would be reflected in the coming years.

MANAGEMENT DISCUSSION AND ANALYSIS

1. Plantation Business:

(a) Tea:

Industry Structure and Developments:

The overall Indian Crop for the calendar year 2012 was flat at 1,111.76 million kgs. vs. 1,115.72 million kgs. in 2011. While North Indian crop was higher by 4.53 million kgs. South Indian crop was lower by 8.49 million kgs.

In the global scenario, Sri Lanka & Kenyan crops were marginally lower as compared to previous year.

Export of Indian tea upto December, 2012 at 156.38 million kgs. was lower by 13.27 million kgs. vis-a-vis previous year. South Indian tea exports were significantly lower at 60.20 million kgs. as compared to 75.98 million kgs. in the previous year.

Import of tea upto December, 2012 was at 16.94 million kgs. which was 5.26% lower than the previous year.

Domestic consumption of tea as estimated by Tea Board for financial year 2012-13 was approx. 890 million kgs.

Owing to inclement weather, the crop pattern altered during the year - while there was a huge inflow of crop in the first quarter, the latter half of the year had extremely low crops. This led to dwindling of buffer /pipeline stocks and sharp market response from major packers leading to an upsurge in domestic prices. Exports declined with most markets being out-priced by the strong domestic demand.

Opportunities and Threats

Demand for tea in the domestic market having increased over the years and with domestic prices having moved vertically, there is considerable potential for the Corporation to respond to the market with better quality teas. The superior CTC teas produced by the Corporation have already found great acceptance in the West and

South India markets. Also, better health awareness is expected to bring about an increase in the demand for organic teas which the Corporation, with its existing expertise in plantations, is well equipped to meet.

In the international market, the Corporation has worked closely with major blenders in the UK & Europe to develop unique blends, consolidating its position in their blends and improving returns. With the world-wide demand for organic teas steadily improving, the Corporation is well poised to consolidate its position in the major organic markets around the globe.

Overall pressures on Indian Tea exports due to strengthening domestic market as also the political uncertainties in major tea – drinking countries coupled with higher shipping costs could lead to increase in inventories of medium and plainer teas. Higher costs of inputs with global increase in crude oil along with inflationary pressures could affect margins. Recession in Europe could put pressure on our Organic exports.

Performance Highlights:

Good rainfall in the first half of FY 2012-2013 was followed by drought conditions in the second half, thereby resulting in lower production of tea by 7.2% as compared to the previous year. Consequently, the overall tea sales were lower by 7.13% in terms of volume. However, the average price realization was 19.51% higher in the current year mainly aided by higher domestic prices.

Domestic Sales: Lower crops reflected in lower quantities available for sale and domestic volumes declined by 11.83%. The sales through our Depots reduced by 23.57% in terms of volume and increased by 27.75% in terms of average price realisations. Quantity sold through auctions increased by 4.84% and the average price was higher by 22.66%.

Exports: The overall export quantities of teas increased by 4.73% and the price realization was higher by 6.57%; Organic tea exported was lower by 8.89% in terms of quantity whilst average price realized was 11.49% higher. Non-Organic tea exports were higher by 6.07% in terms of volume and 7.60% in terms of average prices. BBTC's tea exports increased the Foreign exchange earnings of the Corporation by 11%.

Outlook:

Unpredictable weather conditions and the resulting inconsistent supply from the planting districts around India resulted in the drying up of pipeline stocks. This decline is directly reflected in higher pressure on better liquoring teas, which are attracting strong demand from major Packers and Bazaar buyers. Medium and plainer teas however may get neglected.

Besides the rising prices in the domestic markets, political turmoil which continues in the major tea-drinking countries in the Middle East and northern Africa will put considerable pressure on Indian exports, particularly from South India. Moreover, ocean freights which have been on an increase in the recent times could also put further pressure on Indian exports.

General shortage of good liquoring teas in the market and our continuous endeavours in upgrading the quality of our produce will work to the advantage of the Corporation in terms of tapping quality-sensitive markets. The growing awareness of the health benefits of Organic teas is expected to improve demand for the Organic teas pioneered by the Corporation.

(b) Coffee:

Industry structure and developments:

Coffee prices stabilized in March 2013, with the monthly average of the ICO composite indicator price essentially unchanged from the previous month. Contrasting trends in the prices of

Arabicas and Robustas caused a further narrowing of the arbitrage between the New York and London futures markets to 44.21 US cents/lb, its lowest level since March 2009.

The ICO composite indicator price fell from a high of 135.30 US cents/lb to a low of 128.52 in March, before correcting upwards to average 131.38 US cents/lb, roughly the same level as in February 2013.

This monthly average is 21.7% lower than in March 2012.

The epidemic of coffee leaf rust in Central America has had severe social and economic consequences, with losses in the region estimated at 2.3 million bags, worth nearly US\$550 million.

The current outbreak of coffee leaf rust in Central America is considered one of the worst ever recorded.

World production of coffee in the year 2012-13, is estimated at 144.6 million bags, a 6.4% increase over the previous year. World consumption in calendar year 2012 is provisionally estimated at around 142 million bags, compared to 139 million bags in 2011.

Opportunities and threats:

Quality washed Robustas continue to be in short supply as increased pressure on coffee growers to comply with stringent effluent control norms besides other operational issues such as non-availability of skilled manpower has resulted in lower overall production levels. However, price differentials have been high enough to justify undertaking higher production of Robusta seeds or alternatively, increase the quantity outsourced and thereby increase value-added exports.

Volatility in Arabica prices is a concern as higher costs of cultivation and increasing pest attacks due to drought conditions are eroding margins substantially. Further, another high crop from Brazil will make the operations unprofitable for Arabica producers.

More and more companies are eyeing opportunities in bought beans procurement in which the Corporation has been the sole and lead player thus far, and the need to consolidate our position has become necessary to counter the foreseen competition.

Stringent effluent treatment norms and high cost of energy are areas of concern.

Performance highlights:

Our Coffee volumes for 2012-13 was as follows:

Arabica	...	16,534 bags
Robusta	...	23,445 bags
TOTAL	...	<u>39,979 bags</u>

Added facilities for mechanical drying has resulted in increased bought beans procurement. This has resulted in an increase in turnover by 30%. Increased and focused marketing efforts targeted at selling to retail buyers worldwide has resulted in better margins.

Escalating labour and material costs have been absorbed without midterm changes to budgets.

Outlook:

Brazil has produced record Arabica crops for a second year in a row, further hammering down prices. As a result, the price realisation of Arabicas is expected to be lower by 20%. However, incidence of leaf rust in Central America could help improve prices on anticipated shortfall in supplies in the second half of 2013.

Lower Robusta crops in Vietnam and increased demand for washed speciality coffees will help shore up the bottom-line affected by fall in Arabica prices.

Continuous monitoring of costs in a falling Arabica market, maximising capacity utilization and timely implementation of new project have helped the Corporation to maintain high growth in turnover and maintaining of bottom lines in an adverse market.

Increased and continuous supervision of processing by management staff has resulted in consistent quality of coffees produced.

(c) Auto Ancillary Business:

Industry Structure and Development:

The performance of the Auto Ancillary sector depends largely on the automobile industry in the country. The financial year 2012-13 witnessed a sharp decline in the performance of the automobile industry due to a combination of factors such as high interest rates coupled with high inflation, weakening of the rupee, volatility in the cost of raw material and prices of crude oil. Car sales in the country fell for the first time in a decade, down 6.69% as the industry struggled due to a sluggish economy and negative sentiments.

The downturn has however, not dented the confidence and spirit of the automobile industry. Major OEM's have continued to invest in increased capacities and grow, preferring to view the 2012-13 performance as an aberration. Foreign investments continued with companies such as Daimler, John Deere, Renault, Nissan etc., either setting up plants on their own in the country or forging Joint Ventures and alliances with large domestic players. Overall, the outlook for the Indian Auto Industry is positive and a turnaround is expected during the latter part of the current financial year.

Opportunities and Threats:

While the domestic auto industry is expected to grow at an encouraging pace, projected at a CAGR of over 16% by SIAM and ACMA for the period 2015 – 2020, there are also substantial opportunities in the export market – the Division intends to take advantage of this opportunity by increasing its current share of 30% of turnover from exports by leveraging on the International Product Network (IPN) of existing customers.

Opportunity also exists in taking advantage of the indigenization drive of major OEM's towards import substitution by reverse engineering, which is one of the core competencies of the Division.

As the Division is located within a major Auto hub with a limited availability of talent and trained personnel, there is constant lateral movement of personnel within the industry locally.

The auto-ancillary industry is largely dependent on the 4-wheeler segment which acts as a major impediment in balancing the risk portfolio. Cheaper substitutes available from imports, though not matching in quality, does pose a threat to the growth of the industry.

Segment Wise Performance:

The current segment wise share of business is as follows:

Sector	% of Business
4 Wheeler	76%
ATM Parts	12%
2 Wheeler	9%
Other White Goods	1%

Concerted efforts are underway at the Division to decrease the dependence on the 4 Wheeler segment by increasing the share of business in non-Auto and Other White Goods.

Outlook:

The Division has historically focused mainly on the Auto Industry with 85 % of total volume coming from this industry during 2012-13. Auto Industry, therefore has a direct impact on the results of the Division. Increased focus on diversification and R&D initiatives towards the non-Auto sector have resulted in the Division now actively pursuing opportunities for a greater share in the White Goods sector, that is, other than existing ATM & Washing Machine parts and exploring opportunities in Solar and Medical components business during 2013-14 and in the future.

(d) Health Care Business:

Industry Structure and Development

The Indian healthcare market ranks amongst the top ten markets in the world and its contribution to the country's GDP is around 2%. Whereas the total market for dental equipments and materials is estimated to be around ₹ 430 crores annually, the market in which the Dental Products division of the Corporation operates is estimated at around ₹ 40 crores. Although the Indian dental healthcare industry is dominated by importers rather than manufacturers, the turnover of the Dental Products division is mainly from products manufactured by it.

With a number of foreign companies investing in the Indian dental products market and some of them licensing Indian manufacturers to produce certain items, India is fast progressing into becoming a manufacturing hub for dental equipments and materials.

The oral healthcare awareness in the urban areas has ensured a steady growth in the dental products market. However, the industry reaching its potential would depend upon the government's policy in terms of providing subsidies to set up dental practice in the rural areas and mini metros.

Opportunities and Threats:

Increased oral health awareness and a growing population with increased purchasing power have been the main drivers for increase in the demand for quality dental clinics with state-of-art equipment and good quality materials. Increase in foreign dental tourists have also boosted the demand for better quality dental products.

The gradual increase in the number of fresh graduates have brought about an increase in new-generation dentists which has in turn boosted the demand for high technology products in this sector.

Growth rates as forecast by the Indian Dental Association (IDA) for the dental technology market is estimated at 8% to 10% in the coming years.

A large number of foreign players have entered the dental products market in the last few years with low-price product alternatives. This has driven the competition in the market and it is becoming necessary for Indian manufacturers to introduce new cost-effective and quality substitutes to sustain their market shares.

Performance Highlights:

Sale of the manufactured products such as alloy, polymers and impression materials registered a growth of 16% over previous year. Sale of traded materials was however lower by 6% in the view of discontinuation of certain product lines in the trading business.

Outlook:

Despite increasing competition, introduction of new superior products and lower margins, the business is sustainable due to the growing market for our existing products backed by a nation-wide distribution network and the demand for new products, which the Corporation is continuously striving to meet. Our products command high brand equity which is the result of quality products and an efficient after-sales service network.

Two new materials viz. Calcium Hydroxide (for dental fillings) and EDTA Gel are being launched in the near future which is expected to find

easy acceptance in the market. The Corporation is also evaluating the emerging markets for dental lasers as also investment material for dental laboratories.

2. Internal Control Systems and Adequacy:

The Corporation has adequate internal control procedures commensurate with the size and nature of business. These business control procedures ensure efficient use and protection of the resources and also compliance with the policies, procedures and statutory requirements. The internal control systems provide for well-documented guidelines, authorisation and approval procedures. The Corporation carries out audit through external agencies twice a year. The prime objective of such audit is to test the adequacy and effectiveness of all internal controls laid down by the management and to suggest improvements.

3. Human Resources:

The Corporation regards human resources as a valuable asset. Majority of its employees are based at the tea and coffee estates/factories where great attention is being paid to their welfare and educational needs. Better living conditions for both permanent and migrant workers together with better medical facilities resulted in higher productivity in the year under review.

The training needs of staff at all Divisions are periodically assessed and training programmes are conducted using internal resources and/or by engaging external trainers/facilitators.

Cautionary Statement:

Statements in the Management Discussion and Analysis describing the Corporation's objectives, projections, estimates, and expectations may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Corporation's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Corporation operates, changes in the Government regulations, tax laws, vagaries of nature and other incidental factors.

3. Committees of the Board:

(a) Audit Committee:

The Audit Committee is constituted in accordance with the requirements of Section 292A of the Companies Act, 1956 ('the Act') and Clause 49 of the Listing Agreements with Stock Exchanges.

The broad terms of reference of the Audit Committee include review of Internal Audit Reports and Statutory Auditors' Report on the Financial Statements, general interaction with the Internal Auditors and Statutory Auditors, review of related party transactions, review of adequacy of internal control systems, to approve the appointment of CFO, selection and establishment of Accounting Policies and review of quarterly and annual Financial Statements before submission to the Board, and other matters specified in Clause 49 of the Listing Agreement as also those brought within the purview of the Audit Committee's role from time to time.

The present Audit Committee consists of 3 Non-Executive and Independent Directors viz. Mr. M. L. Apte (Chairman), Mr. D. E. Udhwadia and Mr. A. K. Hirjee, members; Mr. N. H. Datanwala (V P Corporate and Company Secretary) acts as the Secretary to the Committee.

During the year under review, 4 Meetings of the Audit Committee were held, the dates being 29th May, 2012, 8th August, 2012, 2nd November, 2012 and 7th February, 2013. Mr. M. L. Apte and Mr. A. K. Hirjee attended all 4 meetings whereas Mr. D. E. Udhwadia attended 3 meetings.

(b) Remuneration Committee:

The Remuneration Committee is constituted as per the requirements of Clause 49 of the Listing Agreements with Stock Exchanges. The broad terms of reference of the Committee include approval/finalization of salary, perquisites, retirement benefits etc. payable to the Corporation's Directors including any revision thereof, deciding service contracts, notice period, etc. as also the performance criteria and the performance – linked incentive, if any, payable to them, finalisation of Commission payable and formulation of stock options policy, if and when required.

The Remuneration Committee consists of 4 Non-Executive Directors and 1 Non-Executive Promoter Director as under:

Mr. Keshub Mahindra — *Chairman*

Mr. M. L. Apte

Mr. Nusli N. Wadia

Mr. A. K. Hirjee

Mr. D. E. Udhwadia

During the year under review, 2 meetings of the Remuneration Committee were held, the dates being 29th May, 2012 and 5th November, 2012. Mr. Nusli N. Wadia, Mr. A. K. Hirjee, Mr. M. L. Apte attended both the meetings whereas Mr. Keshub Mahindra and Mr. D. E. Udhwadia attended 1 meeting.

Remuneration Policy:

The remuneration of Managing Directors is decided by the Remuneration Committee based on criteria such as industry benchmarks, the Corporation's performance *vis-à-vis* the industry performance and track record of the appointees. The Corporation pays remuneration by way of salary, commission, perquisites and allowances to its Managing Directors. Annual increments and performance incentives are decided by the Remuneration Committee within the overall salary scale approved by the members and the notifications issued in this regard by the Ministry of Company Affairs from time to time.

The Non-Executive Directors do not draw any remuneration from the Corporation other than sitting fees and such commission not exceeding 1% of the net profits of the Corporation as approved by the Shareholders and computed in the manner laid down in Section 198 of the Companies Act, 1956 as may be determined by the Board from time to time. In view of inadequacy of profits, no commission has been paid to the Non-Executive Directors.

During the year ended 31st March, 2013, the Corporation paid ₹ 14,55,205/- to the law firm M/s Udhwadia, Udeshi & Argus Partners as fees for professional services provided by them from time to time. Mr. D. E. Udhwadia is a founder partner of the above firm. The Board does not consider the firm's association with the Corporation to be of a material nature so as to affect the independence of judgment of Mr. Udhwadia as a director of the Corporation.

CERTIFICATE

Certificate of Compliance with the Corporate Governance requirements under Clause 49 of the Listing Agreement

To the Members of The Bombay Burmah Trading Corporation, Limited

We have examined the compliance of conditions of corporate governance by The Bombay Burmah Trading Corporation, Limited ("the Company") for the year ended on 31 March 2013, as stipulated in Clause 49 of the Listing Agreements entered into by the Company with Stock Exchanges.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion, and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreements.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
THE BOMBAY BURMAH TRADING CORPORATION, LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of The Bombay Burmah Trading Corporation, Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2013, and the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, in which are incorporated the returns from Johor Bahru, Usambara and South India branches audited by branch auditors appointed under Section 228 of the Companies Act, 1956 and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 ('the Act'). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- i. in case of the Balance Sheet, of the state of affairs of the Company as at 31 March 2013;
- ii. in case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
- iii. in case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Emphasis of matter

Without qualifying our opinion, we draw attention to note 38 to the financial statements, regarding remuneration paid by the Company to its Managing Director during the year ended 31 March 2013 in excess of the limits specified in relevant provisions of the Companies Act, 1956 ('the Act') by ₹ 78.99 lakhs. We are informed that as required by the relevant provisions of the Act, the Company has applied to seek approval from the Central Government for excess remuneration paid. Pending the said approval in this regard, the excess remuneration paid to the Managing Director has been charged to the statement of profit and loss.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ('the Order') issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
2. As required by Section 227 (3) of the Act, we report that:
 - a. we have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of these books and proper returns adequate for the purpose of our audit have been received from the Johor Bahru, Usambara and South India branches audited by branch auditors;
 - c. the audit reports of the Johor Bahru, Usambara and South India branches audited by branch auditors has been forwarded to us and has been dealt with by us in preparing this report;
 - d. the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account and with the audited branch returns;
 - e. in our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Act; and
 - f. on the basis of written representations received from the directors of the Company, as of 31 March 2013, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31 March 2013 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Act.

ANNEXURE TO INDEPENDENT AUDITORS' REPORT – 31 MARCH 2013

With reference to the Annexure referred to in our report of even date, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed in respect of assets verified during the year.
- (c) Fixed assets disposed off during the year were not substantial and, therefore, do not affect the going concern assumption.
- ii. (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable.
- (b) The procedures for the physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- iii. (a) The Company has granted unsecured loan to a company covered in the register maintained under section 301 of the Companies Act, 1956 ('the Act'). The maximum amount outstanding during the year was ₹ 9,300 lakhs and the year-end balance of such loans was nil.
- (b) In our opinion, the rate of interest and other terms and conditions on which loans have been granted to the Company listed in the register maintained under section 301 of the Act are not, prima facie, prejudicial to the interest of the Company.
- (c) In the case of loans granted to the Company listed in the register maintained under section 301, the borrowers have been regular in repaying the principal amounts as stipulated and in the payment of interest.
- (d) There is no overdue amount of more than Rupees one lakh in respect of loans granted to the companies, firms or other parties listed in the register maintained under section 301.
- (e) The Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under Section 301 of the Act. Accordingly, paragraphs 4 (iii) (f) and (g) of the Order are not applicable.
- iv. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of inventories and fixed assets and with regard to the sale of goods and services. In our opinion and according to the information and explanations given to us, there is no continuing failure to correct major weaknesses in internal control system in respect of these areas.
- v. (a) In our opinion and according to the information and explanations given to us, the particulars of contracts or arrangements referred to in section 301 of the Act have been entered in the register required to be maintained under that section.
- (b) In our opinion, and according to the information and explanations given to us, the transactions made in pursuance of contracts and arrangements referred to in (a) above and exceeding the value of ₹ 5 lacs with any party during the year have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

I. Significant Accounting Policies:

A. Basis of Accounting

The financial statements are prepared under the historical cost convention on an accrual basis and in accordance with generally accepted accounting principles in India (GAAP) and in compliance with the applicable accounting standards and provisions of the Companies Act, 1956.

The preparation of financial statements in conformity with GAAP requires that the management of the Corporation makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of fixed assets, provision for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Difference between actual results and estimates are recognised in the period in which the results are known/materialise.

During the year ended 31 March, 2012 (effective 1 April 2011), revised Schedule VI notified under the Act has become applicable to the Company for preparation and presentation of its Financial Statements. The adoption of the revised Schedule VI does not impact recognition and measurement principles followed for preparation of Financial Statements. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule VI.

B. Method of Depreciation, Deletion and Amortisation of Tangible Fixed Assets:

(i) Depreciation on Fixed Assets is provided on Straight Line basis except on assets of Sunmica Division other than Plant & Machinery, and Moulds and Dies of Weighing Products Division, at the rates specified in Schedule XIV to the Companies Act, 1956. Depreciation on Fixed Assets of Sunmica Division other than Plant & Machinery is provided on written down value basis at the rates specified in Schedule XIV to the Companies Act, 1956. Depreciation on Moulds and Dies of Weighing Products Division is provided on straight line basis at the rate of 20% based on the useful life as estimated by the Corporation.

(ii) Depreciation on revalued assets of Sunmica Division, South India branches (Plantations) and Auto Ancillary division (erstwhile Electromags Automotive Products Private Limited) for the year have been calculated on the revalued cost on the basis of their expected future life as estimated by the valuers. The difference between depreciation on revalued cost and original cost has been withdrawn from Revaluation Reserve and credited to Statement of Profit and Loss.

(iii) Cost of Leasehold Land is amortised over the period of lease.

(iv) Assets costing less than ₹ 5000 are fully depreciated in the year of purchase.

(v) Auto ancillary division (erstwhile Electromags Automotive Products Private Limited) carries out at every year end, technical evaluation of the moulds and dies for revising the economic useful life/usability of the assets and based on which, it writes down the moulds and dies which are not usable due to change in models, customer order etc.

C. Valuation of Tangible Fixed Assets:

(i) Fixed Assets are valued at cost of acquisition or construction. They are stated at historical costs or other amounts substituted for historical costs (vide note (ii) below). In respect of new projects pre-operative expenses including financing costs attributable to the acquisition/construction of fixed assets (net of income during trial run) upto the date of commencement of commercial production is included in cost.

(ii) The Land and Building of the Auto-Ancillary division (erstwhile Electromags Automotive Products Private Limited) as on 1st April, 2006 and the Plant and Machinery of Electronics Division and South India Branches (Plantations) as on 30th September, 1985 other than additions during that year were revalued on the basis of the then present worth as per valuation made by the external valuers and are stated at revalued amounts. The resultant increase was credited to Revaluation Reserve on the respective dates.

(iii) Expenditure in respect of new crops including cost of development is capitalised until the year of maturity of the Plantation.

(iv) Fixed Assets held by non-integral foreign branches are stated at cost by converting at the closing rate of exchange at the balance sheet date.

D. Intangible Assets :

Intangible assets are recognised as per the criteria specified in Accounting Standard (AS 26) "Intangible Assets" as notified under the Companies (Accounting Standards) Rules, 2006 and amortized as follows:

(i) Technical Know How Fees

Technical know-how fees for new product development is amortised over the period not exceeding five years, of agreement with supplier of technology.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(ii) Goodwill

Goodwill represents the excess of costs of business acquired over the fair market value of net tangible and identifiable intangible assets.

Goodwill is amortised proportionately over the period not exceeding five years from the date of acquisition of the business.

(iii) Computer Software

In respect of auto ancillary division (erstwhile Electromags Automotive Products Private Limited), ERP related costs are amortised over a period of 5 years. For other divisions, computer software costs are amortised over the period not exceeding ten years based on the management's estimate of its useful life.

E. Impairment of Assets:

Management evaluates at regular intervals, using external and internal sources whether there is an impairment of any asset. Impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its net realisable value on eventual disposal. Any loss on account of impairment is expensed as the excess of the carrying amount over the higher of the asset's net realisable value or present value as determined.

F. Valuation of Investments:

(i) Long Term Investments are shown at cost. However, when there is a decline, other than temporary, in the value of a long term investment, the carrying amount is reduced to recognise the decline.

(ii) Current Investments are valued at cost or fair/market value whichever is lower.

(iii) Long Term Investments include investments in shares of companies registered outside India. They are stated at cost by converting at the rate of exchange prevalent at the time of acquisition thereof, except in case of investment by non-integral foreign branches. Investments made by such foreign branches, are stated at cost by converting at the closing rate of exchange at the balance sheet date.

G. Employee Benefits :

(a) Short term employee benefits:

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related service is rendered.

(b) Post-employment benefits:

(i) Provident and Family Pension Fund

The eligible employees of the Corporation are entitled to receive post employment benefits in respect of provident and family pension fund, in which the Corporation make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). Employees contribute a minimum of 12%, the excess being voluntary contribution.

The contributions are made to the provident fund managed by the trust set up by the Corporation or to the Regional Provident Fund Commissioner (RPFC) which are charged to the Statement of Profit and Loss as incurred. The schemes are considered as defined contribution plan.

(ii) Superannuation

The eligible employees of the Corporation are entitled to receive post employment benefits in respect of superannuation fund in which the Corporation makes annual contribution at a specified percentage of the employees' eligible salary. The contributions are made to the ICICI Prudential Life Insurance Co. Ltd. Superannuation is classified as Defined Contribution Plan as the Corporation has no further obligations beyond making the contribution. The Corporation's contribution to Defined Contribution Plan is charged to statement of profit and loss as incurred.

(iii) Gratuity

The Corporation has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees.

The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service. The Corporation accounts for gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year. Actuarial gains and losses are recognised in the Statement of Statement of Profit and Loss.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(c) Other Long-Term Employee Benefits – Compensated Absences:

The Corporation provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment. The Corporation makes provision for compensated absences based on an independent actuarial valuation carried out at the end of the year. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

H. Provisions, Contingent Liabilities And Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the financial statements. Contingent Assets are neither recognised nor disclosed in the financial statements.

I. Valuation of Inventories:

- (i) Stores and spare parts are valued at lower of cost or net realisable value. Cost is calculated on weighted average basis, except in the case of Sunmica Division, where it is on First in First out basis.
- (ii) Raw materials are valued at lower of cost or net realisable value. The cost includes purchase price as well as incidental expenses and is calculated on weighted average basis, except in the case of Sunmica Division, where it is on First in First out basis.
- (iii) Tea stock is valued at cost or net realizable value whichever is lower and inclusive of cess on excise duty. Timber, coffee, pepper and cardamom in stock are valued at since realized/contracted rates or realizable value.
- (iv) Work-in-progress is valued at cost or net realisable value whichever is lower. Cost is arrived on the basis of absorption costing.
- (v) Manufactured finished goods of all divisions are valued at cost or net realisable value whichever is lower. Cost is determined on the basis of absorption costing including excise duty paid/provided on packed finished goods.
- (vi) Traded Finished goods of all divisions are valued at cost or net realisable value whichever is lower.
- (vii) Real Estate under development comprises of Freehold/Leasehold Land and Buildings at cost, converted from Fixed Assets into Stock-in –Trade and expenses related/attribution to the development/construction of the said properties. The same is valued at lower of cost or net realizable value.

J. Foreign Currency Transactions:

(i) Foreign Branches: (Non-integral operations)

- (a) All assets and liabilities, both monetary and non-monetary are translated at the closing rate;
- (b) Income and expense items are translated at the average rate prevailing during the year; and
- (c) All resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment in the branch.

(ii) Other Transactions:

(a) Initial recognition :

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion :

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(c) Exchange Differences :

The premium or discount arising at the inception of forward exchange contracts is amortised as expenses or income over the life of the respective contracts. The difference between year-end conversion rate and rate on the date of contract is recognized as exchange difference. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or expense for the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS**K. Export Benefits/Incentives:**

Export benefits/incentives in respect of import duty benefits under DEPB scheme are accounted on accrual basis on the basis of exports made under DEPB scheme.

L. Revenue Recognition:

- (i) Revenue in respect of insurance/other claims, interest etc., is recognised only when it is reasonably certain that the ultimate collection will be made.
- (ii) Sale of products is recognised when the risks and rewards of ownership are passed on to the customers and no significant uncertainty as to its measurability and collectability exists.
- (iii) Sale of timber is accounted based on sale agreement/sale in auction.
- (iv) Sale of pepper is accounted based on confirmed contract of sale.
- (v) Dividend income is accounted when the right to receive payment is established and known. Interest income is recognised on the time proportion basis.

M. Borrowing Cost :

Interest and other costs in connection with the borrowing of the funds to the extent related/attribution to the acquisition/construction of qualifying fixed assets are capitalised up to the date when such assets are ready for its intended use and all other borrowing costs are recognised as an expense in the period in which they are incurred.

N. Segment Accounting Policies :**(a) Segment assets and liabilities :**

All Segment assets and liabilities are directly attributable to the segment.

Segment assets include all operating assets used by the segment and consist principally of fixed assets, inventories, sundry debtors, loans and advances and operating cash and bank balances. Segment assets and liabilities do not include inter-corporate deposits, share capital, reserves and surplus, borrowings, and income tax (both current and deferred).

(b) Segment revenue and expenses :

Segment revenue and expenses are directly attributable to segment. It does not include interest income on inter-corporate deposits, interest expense and income tax.

O. Financial Derivatives and commodity hedging transactions:

Outstanding derivative contracts are not marked to market at each balance sheet date. The Corporation assesses the foreseeable losses in respect of such contracts and provision is made for such estimated losses, wherever necessary. Realized gains and losses on such contracts and interest costs in foreign currencies are accounted for at the time of settlement of the underlying transactions.

P. Taxes on Income :

Income Taxes are accounted for in accordance with Accounting Standard (AS 22) – “Accounting for Taxes on Income”, as notified under the Companies (Accounting Standards) Rules, 2006. Income Tax comprises both current and deferred tax.

Current tax is measured on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961.

Provision for Fringe Benefits Tax is made in accordance with Chapter XII-H of the Income Tax Act, 1961.

The tax effect of the timing differences that result between taxable income and accounting income and are capable of reversal in one or more subsequent periods are recorded as a deferred tax asset or deferred tax liability. They are measured using the substantively enacted tax rates and tax regulations as of the Balance Sheet date.

Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognised, only if there is virtual certainty of its realisation, supported by convincing evidence. Deferred tax assets on account of other timing differences are recognised only to the extent there is a reasonable certainty of its realisation.

Q. Earnings per Share:

The basic and diluted earnings per share (EPS) is computed by dividing Net Profit after tax for the year by weighted average number of equity shares outstanding during the year.

R. Leases :**i. Lease transactions entered into prior to 1st April, 2002 :**

Lease rentals in respect of assets acquired under lease are charged to Statement of Profit & Loss.

ii. Lease transactions entered into on or after 1st April, 2002 :

- (a) Assets acquired under lease where the Corporation has substantially all the risks and rewards incidental to ownership are classified as finance leases. Such assets are capitalised

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

- (b) Assets acquired on leases where significant portions of the risks and rewards incidental to ownership are retained by the lessors, are classified as operating leases. Lease rentals are charged to the Statement of Profit & Loss on accrual basis.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of plan assets held, assessed risks, historical results of return on plan assets and the Corporation's policy for plan assets management.

38. Managerial Remuneration paid for the year 2012-2013

- (1) Remuneration paid to Mr. Ashok Panjwani: ₹ **205.39 Lakhs** (Previous Year ₹ 135.78 Lakhs), as minimum remuneration in terms of approval of shareholders and Schedule XIII of the Companies Act, 1956, subject to the approval of Central Government if and to the extent necessary.

By virtue of Gen Circular 46/2011 dated 14.07.2011 of the Ministry of Corporate Affairs, the remuneration paid to Mr. Ashok Panjwani, although in excess of the limits prescribed under Schedule XIII of the Companies Act, 1956 due to inadequacy of profit, does not require any further approval from Central Government since he satisfies both conditions of exemption viz. being a qualified professional director and not having any direct/indirect interest in the capital of the Corporation under the said circular.

- (2) Remuneration paid to Mr. Ness Wadia: ₹ **190.03 lakhs** (Previous Year ₹ 190.03 Lakhs), as minimum remuneration in terms of approval of shareholders and Schedule XIII of the Companies Act, 1956, subject to the approval of Central Government if and to the extent necessary.

In view of inadequacy of profit, the Corporation has made an application to the Central Government for approval of excess remuneration of ₹ 78.99 Lakhs (Previous Year ₹ 107.52 Lakhs), paid to Mr. Ness Wadia, in excess of the limits prescribed by Schedule XIII of the Companies Act, 1956. The application has been made as Mr. Ness Wadia holds direct and indirect interest in the capital of the Corporation, although the condition of holding professional qualification is satisfied under the said circular.

39. Export benefits/Incentives are accounted on accrual basis. Accordingly, on the Balance Sheet date, in respect of Exports made, estimated benefit of ₹ **337.41 Lakhs** (Previous year ₹ 158.57 Lakhs) has been taken into account for the year as incentive on accrual basis under the pass book scheme. Subsequent to that, the Corporation has utilized the said entitlement of ₹ **337.41 Lakhs** (Previous year ₹ 158.57 Lakhs).

40. Leases:

Operating Lease:

The Corporation has taken various residential/commercial premises and plant and machinery under operating leases. These lease agreements are normally renewed on expiry. The lease payments recognised in Statement of Profit & Loss is ₹ **52.69 Lakhs** (Previous Year ₹ 208.88 Lakhs).

41. In the earlier years the Corporation took up development of Real Estate in the vacant properties at Pune, Coimbatore and Mumbai; and converted these assets as stock in trade at cost.
42. Provision for contingencies of ₹ **415 Lakhs** (Previous Year ₹ 350 Lakhs) represents a part amount provided for against the contingent liabilities with regards to the disputed demands for excise duties, wages and damages and interest as described in Note 30 on the basis of a fair estimate by the Corporation. The carrying amount at the beginning of the year was ₹ 350 Lakhs and the provision of ₹ 65 Lakhs made during the year is carried forward at the end of the year and neither the amount has been used nor the unused amount reversed during the year under review.
43. On the basis of confirmation obtained from suppliers who have registered under The Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006) and based on the information available with the Corporation the balance due to Micro & Small Enterprises as defined under the MSMED Act, 2006 is ₹ **Nil** (Previous Year ₹ 13.89 Lakhs). Further, no interest during the year has been paid/or is payable/accrued under the terms of the MSMED Act, 2006.
44. By a Postal Ballot held vide notice dated 8th August, 2012 the shareholders of the Corporation approved the sub-division of equity shares. A share of face value of ₹ 10/- each has been sub-divided into 5 equity shares of face value of ₹ 2/- each. The effective date for the sub-division was 9th November, 2012. The disclosure of number of shares in the Particulars of Shareholding and the disclosure of Earnings per share (in compliance with AS-20) for all the reported periods has been arrived at after giving effect to the above sub-division.
45. Figures in respect of current year and those for the previous year have been rounded off to the nearest thousand and are expressed in terms of decimals of Lakhs.

INDEPENDENT AUDITORS' REPORT

TO THE BOARD OF DIRECTORS OF THE BOMBAY BURMAH TRADING CORPORATION, LIMITED

We have audited the attached consolidated balance sheet of The Bombay Burmah Trading Corporation, Limited ('the Company') and its subsidiaries, associates and branches (collectively called 'the BBTCL Group') as at 31 March 2013, the consolidated statement of profit and loss and the consolidated cash flow statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

Based on our audit and to the best of our information and according to the explanations given to us and on consideration of reports of other auditors on separate financial statements, in our opinion the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. in the case of the consolidated balance sheet, of the state of affairs of the BBTCL Group as at 31 March 2013;

- b. in the case of the consolidated statement of profit and loss, of the profit of the BBTCL Group for the year ended on that date; and
- c. in the case of the consolidated cash flow statement, of the cash flows of the BBTCL Group for the year ended on that date.

Other matter

We did not audit the financial statements and other financial information of certain subsidiaries associates (interests in which have been incorporated in these consolidated financial statements) and branches. These subsidiaries, associates and branches account for 11% of total assets and 7% of total revenues and other income, as shown in these consolidated financial statements. Of the above:

- a. The financial statements and other financial information of some of the subsidiaries, associates and branches incorporated outside India as drawn up in accordance with the generally accepted accounting principles of the respective countries ('the local GAAP') have been audited by other auditors duly qualified to act as auditors in those countries and whose reports have been furnished to us. For purposes of preparation of consolidated financial statements, the aforesaid local GAAP financial statements have been restated by the management so that they conform to the generally accepted accounting principles in India. These subsidiaries, associates and branches account for 10% of total assets and 7% of total revenue and other income as shown in these consolidated financial statements. Our opinion on the consolidated financial statements, insofar as it relates to these subsidiaries, associates and branches, is based on the aforesaid audit reports of these other auditors.
- b. The financial statements and other financial information of the remaining subsidiaries, associates and branches have not been subjected to audit either by us or by other auditors, and therefore, unaudited financial statements for the year/period ended 31 March 2013 of these subsidiaries, associates and branches have been furnished to us by the management. These subsidiaries, associates and branches account for only 1% of total assets and nil % of total revenues and other income as shown in these consolidated financial statements, and therefore are not material to the consolidated financial statements, either individually or in aggregate.

I. SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE CONSOLIDATED BALANCE SHEET AND STATEMENT OF PROFIT AND LOSS FOR THE YEAR ENDED 31ST MARCH, 2013

(a) Principles of Consolidation:

1. The consolidated financial statements relate to The Bombay Burmah Trading Corporation, Limited ('the Corporation', 'BBTCL') and its subsidiaries and associate companies, which together constitute the Group. The consolidated financial statements have been prepared on the following basis:
 - (i) The financial statements of the Corporation and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating all material intra-group balances and intra-group transactions resulting in unrealized profits or losses in accordance with Accounting Standard (AS-21) "Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006.
 - (ii) The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries, is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
 - (iii) Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Corporation.
 - (iv) Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Corporation's shareholders.
 - (v) In case of associates, where the Corporation directly or indirectly through subsidiaries holds more than 20% of equity, investments are accounted for using equity method in accordance with Accounting Standard (AS-23) "Accounting for Investments in Associates in Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006.
 - (vi) Accounting for Interest in Joint Ventures: The proportionate share of the Group's interests in joint ventures is combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra group balances/ transactions to the extent it pertains to the Group as per AS 27 "Financial Reporting of Interest in Joint Ventures".
 - (vii) The difference between the cost of investment in the associates and the share of net assets at the time of acquisition of shares in the associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be.
 - (viii) As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and appropriate adjustments are made to the financial statements of subsidiaries when they are used in preparing the consolidated financial statements that are presented in the same manner as the Corporation's separate financial statements.
2. In case of all the subsidiaries of Leila Lands Senderian Berhad (other than Leila Lands Limited, Mauritius and its subsidiaries), a wholly owned foreign subsidiary of the Corporation, for the purpose of determining goodwill/capital reserve on acquisition, the assets and liabilities of those subsidiaries are measured at their fair values at the date of acquisition of those subsidiaries as against at cost, as prescribed in Accounting Standard (AS-21) "Consolidated Financial Statements".
3. As required by Accounting Standard (AS-23) "Accounting for Investments in Associates on Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006, the carrying amounts of investments in Associates at the beginning of the year have been restated by applying "Equity Method" of accounting from the date of acquisition of the associates and corresponding adjustments have been made to retained earnings at the beginning of the year after eliminating unrealised profits, if any.
4. The accounts of the Indian subsidiaries have been prepared in compliance with the Accounting Standards referred to in Section 211(3C), other accounting pronouncement and other requirements of the Companies Act, 1956 and those of the foreign subsidiaries have been prepared in compliance with the local laws and applicable Accounting Standards. Therefore, the consolidated financial statements may not be strictly in compliance with Indian GAAP.

(d) **Significant Accounting Policies:**

A. Basis of Accounting:

The consolidated financial statements are prepared under the historical cost convention, on the accrual basis of accounting to comply in all material aspects with the applicable accounting principles in India, the mandatory Accounting Standards prescribed by the Companies (Accounting Standard), Rules 2006, the relevant provisions of the Companies Act, 1956 ('the Act') and the guidelines issued by the Securities and Exchange Board of India (SEBI).

The preparation of financial statements in conformity with GAAP requires that the management of the company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of fixed assets, provision for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Difference between actual results and estimates are recognised in the period in which the results are known/materialise.

The financial statements of Britannia and Associates (Dubai) Private Co. Limited, Britannia Dairy Holdings Private Limited, Klassik Foods Private Limited and Nalanda Biscuits Company Limited have been incorporated in the consolidated financial statements of Britannia Industries Limited based on unaudited financial statements.

B. Depreciation:

- (i) BBTCL and its subsidiaries have adopted the straight line method of depreciation for all its tangible fixed assets except assets other than plant and machinery of Afco Industrial & Chemicals Limited and DPI Products & Services Limited (formerly known as Dental Products of India Limited) which are depreciated under the written down value method at the rates prescribed under Schedule XIV to the Companies Act, 1956. As regards the Assets depreciated on straight-line basis the depreciation rates are equal to or higher than those prescribed under Schedule XIV to the Companies Act, 1956 based on the management's estimate of useful lives of these assets. The rates of depreciation that are different from Schedule XIV rates are as follows:

<u>Asset Type</u>	<u>Depreciation Rates</u>
Factory Building	5-10%
Non-Factory Building	2-12.5%
Motor Vehicles	20-25%
Office furniture, Nursery plant and equipments	10-33.33%
Plant and Machinery	8.33-20%
Mature Plantations	6.25%

- (ii) Cost of Leasehold Land is amortised over the period of lease.
- (iii) Assets costing less than ₹ 5000 are fully depreciated in the year of purchase.
- (iv) Auto ancillary division (erstwhile Electromags Automotive Products Private Limited) carries out at every year end, technical evaluation of the moulds and dies for revising the economic useful life/usability of the assets and based on which, it writes down the moulds and dies which are not usable due to change in models, customer order etc.

The Bombay Burmah Trading Corporation, Limited

- (v) In case of BIL and its subsidiaries (the BIL Group), depreciation in respect of all the assets is provided on straight line method. The rates of depreciation prescribed in Schedule XIV to the Act are considered as minimum rates. If the Management's estimate of the useful life of a fixed asset at the time of the acquisition of the asset or of the remaining useful life on a subsequent review is shorter than envisaged in the aforesaid schedule, depreciation is provided at a higher rate based on the Management's estimate of the useful life/remaining useful life. Pursuant to this policy vehicles acquired on finance lease are depreciated over a period of 5 years.

Vehicles acquired on finance lease are depreciated over a period of 5 years.

Assets costing individually upto ₹ 5000 are fully depreciated in the year of addition.

Leasehold land is amortised over the period of primary lease.

Tangible Assets:

Expected range of useful life of assets of the BIL Group is as mentioned below:

Building on freehold land: 20 - 30 years,

Plant and machinery: 10 - 30 years,

Data processing equipments: 4 - 6 years and

Furniture and fixtures: 4 - 16 years.

C. Valuation of Tangible Fixed Assets:

- (i) Fixed Assets are valued at cost of acquisition or construction. They are stated at historical costs or other amounts substituted for historical costs (vide note (ii) below). In respect of new projects pre-operative expenses including financing costs attributable to the acquisition/construction of fixed assets (net of income during trial run) upto the date of commencement of commercial production is included in cost.
- (ii) The Plant and Machinery of Sunmica Division, Electronics Division and South India Branches (Plantations) as on 30th September, 1985 other than additions during that year were revalued on the basis of the then present worth as per valuation made by the external valuers and are stated at revalued amounts. The resultant increase was credited to Revaluation Reserve.
- (iii) Expenditure in respect of new crops including cost of development is capitalised until the year of maturity of the Plantation.
- (iv) Nursery planting expenditure represents cost of plants that are used solely for propagation purposes and are not intended for resale. Cost comprises purchase cost, labour and attributable overheads. Initial nursery planting expenditure is capitalised as a base stock and accounted for on replacement basis.
- (v) Fixed Assets held by non-integral foreign branches are stated at cost by converting at the closing rate of exchange at the balance sheet date.
- (vi) In the case of the BIL Group, tangible assets are stated at their cost of acquisition or construction less accumulated depreciation. Cost includes inward freight, duties, taxes and expenses incidental to acquisition and installation or construction, net of refundable duties, levies and taxes where applicable. The cost of fixed assets not ready for their intended use before such date, are disclosed as capital work-in-progress.

D. Intangible Assets:

Intangible assets are recognised as per the criteria specified in Accounting Standard (AS 26) "Intangible Assets" as notified under the Companies (Accounting Standards) Rules, 2006 and amortized as follows:

- (i) Technical Know How Fees:

Technical know how fees for new product development is amortised over the period not exceeding five years, of agreement with supplier of technology.

- (ii) Franchisee fees:

Franchisee fees is amortised over the period not exceeding ten years, of agreement with Franchisor.

- (iii) Goodwill:

Goodwill represents the excess of costs of business acquired over the fair market value of net tangible and identifiable intangible assets.

Goodwill is amortised proportionately over the period not exceeding five years.

Goodwill arising on consolidation represents the excess of cost to the Group of its investment in a subsidiary company over the Group's portion of net worth of the subsidiary.

- (iv) Tenancy rights in respect of residential flat has been amortised over the period of agreement.
- (v) Computer Software:
In respect of auto ancillary division (erstwhile Electromags Automotive Products Private Limited), ERP related costs are amortised over a period of 3 years. For other divisions, computer software costs are amortised over the period not exceeding ten years based on the management's estimate of its useful life.
- (vi) In the case of BIL Group, Intangible assets are stated at cost of acquisition less accumulated amortisation. Goodwill arising on consolidation represents the excess of cost to the Group of its investment in a subsidiary company over the Group's portion of net worth of the subsidiary, and is net of Capital Reserve.

The expected useful life of assets for amortization is as mentioned below:

Know-how: 3 years

Marketing Infrastructure: 3 years

Non-compete Rights: 2 years

Computer software: 6 years

Goodwill arising on consolidation is evaluated for impairment periodically. (Also refer note (E.) below)

E. Impairment of Assets:

In the case of BBTCL Group, Management evaluates at regular intervals, using external and internal sources whether there is an impairment of any asset. Impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its net realisable value on eventual disposal. Any loss on account of impairment is expensed as the excess of the carrying amount over the higher of the asset's net realisable value or present value as determined.

The BIL Group assesses at each balance sheet date whether there is any indication that an asset, including intangible, may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined, if no impairment loss had been recognised.

F. Employee Benefits:

In the case of BBTCL Group,

(a) Short term employee benefits:

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related service is rendered.

(b) Post-employment benefits:

(i) Provident and Family Pension Fund

The eligible employees of the Corporation are entitled to receive post employment benefits in respect of provident and family pension fund, in which the Corporation make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). Employees contribute a minimum of 12%, the excess being voluntary contribution.

The contributions are made to the provident fund managed by the trust set up by the Corporation or to the Regional Provident Fund Commissioner (RPFC) which are charged to the Statement of Profit and Loss as incurred. The schemes are considered as defined contribution plan.

(ii) Superannuation

The eligible employees of the Corporation are entitled to receive post employment benefits in respect of superannuation fund in which the Corporation makes annual contribution at a specified percentage of the employees' eligible salary. The contributions are made to the ICICI Prudential Life Insurance Co. Ltd. Superannuation is classified as Defined Contribution Plan as the Corporation has no further obligations beyond making the contribution. The Corporation's contribution to Defined Contribution Plan is charged to statement of profit and loss as incurred.

(iii) Gratuity

The Corporation has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees.

The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service. The Corporation accounts for gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

(c) Other Long-Term Employee Benefits – Compensated Absences:

The Corporation provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment. The Corporation makes provision for compensated absences based on an independent actuarial valuation carried out at the end of the year. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

In case of the BIL Group,

I. Short term employee benefits:

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

II. Post-Employment Benefits

- a. Contributions to defined contribution schemes such as Provident Fund, Pension Fund etc., are recognised as expenses in the period in which the employee renders the related service. In respect of certain employees, Provident Fund contributions are made to a Trust managed by the Company. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. In respect of contributions made to government administered Provident Fund, the Company has no further obligations beyond its monthly contributions. The Company also provides for post employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date.
- b. The Britannia Industries Limited Covenanted Staff Pension Fund Trust (BIL-CSPF) and Britannia Industries Limited Officers' Pension Fund Trust (BILOPF) were established by the Company to administer pension schemes for its employees. These trusts are managed by the trustees. The Pension scheme is applicable to all the managers and officers of the Company who have been employed up to the date of 15 September 2005 and any manager or officer employed after that date, if he has opted for the membership of the scheme. The Company makes a contribution of 15% of salary in respect of the members each month to the trusts. On retirement, subject to the vesting conditions as per the rules of the trust, the member becomes eligible for pension, which is paid from annuity purchased in the name of the member by the trusts.
- c. In case of Al Sallan Food Industries Co. SAOC, the provision for employees' terminal benefits is based upon the liability accrued in accordance with the terms of employment of the Company's employees at the statement of financial position date, having regard to the requirements of the Oman Labour Law, 2003 and the Social Security Law, 1991.

- d. In case of Strategic Food International Co. LLC, another subsidiary of BIL, provision for staff terminal benefits is calculated in accordance with the UAE Federal Labour Law and is based on the liability that would arise if employment of all Company's staff were terminated on the balance sheet date. This accounting policy difference from group's accounting policy as mentioned above does not have a material impact on the financial statements.
- e. Other Long Term Employee Benefits:
All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation carried out at each balance sheet date. Provision for long term compensated absences is based on actuarial valuation carried out as at 1 January every year.
- f. Voluntary retirement scheme benefits:
Voluntary retirement scheme benefits are recognised as an expense in the year they are incurred.

H. Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the financial statements. Contingent Assets are neither recognised nor disclosed in the financial statements.

In the case of the BIL Group,

A provision is recognised when the Group has a present obligation as a result of past events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made. Provisions are reviewed regularly and are adjusted where necessary to reflect the current best estimate of the obligation. When the Group expects a provision to be reimbursed, the reimbursement is recognised as a separate asset only when reimbursement is virtually certain.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provision for onerous contracts, i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

I. Valuation of Inventories:

In the case of BBTCL Group,

- (i) Stores and spare parts are valued at lower of cost or net realisable value. Cost is calculated on weighted average basis, except in the case of Sunmica Division, where it is on First in First out basis.
- (ii) Raw materials are valued at lower of cost or net realisable value. The cost includes purchase price as well as incidental expenses and is calculated on weighted average, except in the case of Sunmica Division, where it is on First in First out basis.
- (iii) Tea stock is valued at cost or net realizable value whichever is lower and inclusive of cess on excise duty. Timber, coffee, pepper and cardamom in stock are valued at since realized/contracted rates or realizable value.
- (iv) Work-in-progress is valued at cost or net realisable value whichever is lower. Cost is arrived on the basis of absorption costing.
- (v) Manufactured finished goods of are valued at cost or net realisable value whichever is lower. Cost is determined on the basis of absorption costing including excise duty paid/ provided on packed finished goods.
- (vi) Traded Finished goods of Weighing Products Division, and Dental Products Division are valued at cost or net realisable value whichever is lower.
- (vii) Real Estate under development comprises of Freehold/Leasehold Land and Buildings at cost, converted from Fixed Assets into Stock-in –Trade and expenses related/attribution to

the development/construction of the said properties. The same is valued at lower of cost or net realizable value.

- (viii) Nursery plants are stated at cost, which consists of plant cost, direct labour and its attributable overheads.
- (ix) Landscape projects in progress are valued at cost which consists of direct materials, labour and attributable overheads.

In the case of BIL Group, Inventories are valued at the lower of cost (including prime cost, excise duty and other overheads incurred in bringing the inventories to their present location and condition) and estimated net realisable value, after providing for obsolescence, where appropriate. The comparison of cost and net realisable value is made on an item-by-item basis. The net realisable value of materials in process is determined with reference to the selling prices of related finished goods. Raw materials, packing materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

The provision for inventory obsolescence is assessed regularly based on estimated usage and shelf life of products.

Raw materials, packing materials and stores and spares are valued at cost computed on monthly moving weighted average basis. The cost includes purchase price, inward freight and other incidental expenses net of refundable duties, levies and taxes, where applicable.

Materials-in-process is valued at input material cost plus conversion cost as applicable.

Finished goods are valued at lower of net realizable value and prime cost, excise duty and other overheads incurred in bringing the inventories to their present location and condition.

J. Foreign Currency Transactions:

(i) Foreign Branches: (Non-integral operations)

- (a) All assets and liabilities, both monetary and non-monetary are translated at the closing rate;
- (b) Income and expense items are translated at the average rate prevailing during the year; and
- (c) All resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment in the branch.

(ii) Other Transactions:

(a) Initial recognition:

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion:

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(c) Exchange Differences:

The premium or discount arising at the inception of forward exchange contracts is amortised as expenses or income over the life of the respective contracts. The difference between year-end conversion rate and rate on the date of contract is recognized as exchange difference. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or expense for the year.

In the case of BIL,

- (a) Transactions in foreign currency are recorded at exchange rates prevailing on the respective dates of the relevant transactions. Monetary assets and liabilities denominated in foreign currency are restated at exchange rates prevailing at the balance sheet date. The gains or losses resulting from such transactions are adjusted to the statement of profit and loss. Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at fair value/net realisable value are translated at the exchange rate prevalent at the date when the fair value/net realisable

value was determined. Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

- (b) The Group uses foreign exchange forward contracts to cover its exposure towards movements in foreign exchange rates.
- (c) The Group does not use the foreign exchange forward contract for trading or speculative purposes.
- (d) Premium or discount arising at the inception of forward contracts against the underlying assets is amortised as expense or income over the life of contract. Exchange differences on forward contracts are recognised in the statement of profit and loss in the reporting period in which the exchange rates change.

K. Export Benefits/Incentives:

Export benefits/incentives in respect of import duty benefits under DEPB scheme are accounted on accrual basis on the basis of exports made under DEPB scheme.

L. Revenue Recognition:

In the case of BBTCL:

- (i) Revenue in respect of Insurance/other claims, Interest etc., is recognised only when it is reasonably certain that the ultimate collection will be made.
- (ii) Sale of products is recognised when the risks and rewards of ownership are passed on to the customers and no significant uncertainty as to its measurability and collectability exists.
- (iii) Sale of timber is accounted based on sale agreement/sale in auction.
- (iv) Sale of pepper is accounted based on confirmed contract of sale.
- (v) Dividend income is accounted when the right to receive payment is established and known. Interest income is recognised on the time proportion basis.

In the case of the BIL Group:

- (i) Revenue from sale of goods (including sale of scrap) is recognised on transfer of all significant risks and rewards of ownership to the buyer. The amount recognised as sale is exclusive of sales tax and net of trade discounts and sales returns. Sales are presented both gross and net of excise duty.
- (ii) Income from royalty and services is accounted for based on contractual agreements.
- (iii) Interest on investments is booked on a time-proportion basis taking into account amounts invested and rate of interest.
- (iv) Dividend income is accounted for in the year in which the right to receive the same is established.

M. Borrowing Cost:

Interest and other costs in connection with the borrowing of the funds to the extent related/attributed to the acquisition/construction of qualifying fixed assets are capitalised up to the date when such assets are ready for its intended use and all other borrowing costs are recognised as an expense in the period in which they are incurred.

N. Segment Accounting Policies:

(a) Segment assets and liabilities:

All Segment assets and liabilities are directly attributable to the segment. Segment assets include all operating assets used by the segment and consist principally of fixed assets, inventories, sundry debtors, loans and advances and operating cash and bank balances. Segment assets and liabilities do not include inter-corporate deposits, share capital, reserves and surplus, borrowings, and income tax (both current and deferred).

(b) Segment revenue and expenses:

Segment revenue and expenses are directly attributable to segment. It does not include interest income on inter-corporate deposits, interest expense and income tax.

O. Financial Derivatives and Commodity Hedging transactions:

Outstanding derivative contracts are not marked to market at each balance sheet date. The Corporation assesses the foreseeable losses in respect of such contracts and provision is made for such estimated losses, wherever necessary. Realized gains and losses on such contracts and

The Bombay Burmah Trading Corporation, Limited

interest costs in foreign currencies are accounted for at the time of settlement of the underlying transactions.

P. Derivative contracts:

In the case of BIL Group, based on the principle of prudence as provided in Accounting Standard 1 - "Disclosure of accounting policies", the Group assesses losses, if any, by marking to market all its outstanding derivative contracts [other than those accounted under Accounting Standard 11 - "Effects of changes in foreign exchange rates" (Refer point (n) above)] at the balance sheet date and provides for such losses. The net gain, if any, based on the said evaluation is not accounted for in line with the Institute of Chartered Accountants of India notification issued in March 2008 in relation to such transactions.

Q. Taxes on Income:

Income Taxes are accounted for in accordance with Accounting Standard (AS 22) – "Accounting for Taxes on Income", as notified under the Companies (Accounting Standards) Rules, 2006. Income Tax comprises both current and deferred tax.

Current tax is measured on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961.

Provision for Fringe Benefits Tax is made in accordance with Chapter XII-H of the Income Tax Act, 1961.

The tax effect of the timing differences that result between taxable income and accounting income and are capable of reversal in one or more subsequent periods are recorded as a deferred tax asset or deferred tax liability. They are measured using the substantively enacted tax rates and tax regulations as of the Balance Sheet date.

Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognised, only if there is virtual certainty of its realisation, supported by convincing evidence. Deferred tax assets on account of other timing differences are recognised only to the extent there is a reasonable certainty of its realisation.

In the case of BIL group, Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year). Deferred tax in respect of timing differences which originate during the tax holiday period but reverse after the tax holiday period is recognised in the year in which the timing differences originate. For this purpose the timing differences, which originate first are considered to reverse first. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward business loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets.

Deferred tax assets/liabilities are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

The Group offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss. The Group reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal income-tax during the specified period.

R. Leases:

(a) Lease transactions entered into prior to 1st April, 2002:

Lease rentals in respect of assets acquired under lease are charged to Statement of Profit and Loss.

- (b) Lease transactions entered into on or after 1st April, 2002:
- (i) Assets acquired under lease where the Corporation has substantially all the risks and rewards incidental to ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.
 - (ii) Assets acquired on leases where significant portions of the risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on accrual basis.

In the case of the BIL Group,

Assets acquired under lease where the Group has substantially all the risks and rewards of ownership are classified as finance lease. Such leases are capitalised at the inception of lease at lower of the fair value and present value of minimum lease payments. Assets taken on finance lease are depreciated over its estimated useful life or the lease term whichever is lower.

Assets acquired under lease where the significant portion of risks and rewards of ownership are retained by the lessor are classified as operating lease. Lease rentals are charged to the statement of profit and loss on accrual basis.

S. Investments:

- (i) Investments in Subsidiaries have been accounted as per Accounting Standard (AS-21) "Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006.
- (ii) Investments in Associates have been accounted as per Accounting Standard (AS-23) "Accounting for Investments in Associates in Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006.
- (iii) Long term Investments other than investments in subsidiaries and associates as stated above are shown at cost. However, when there is a decline, other than temporary, in the value of a long-term investment, the carrying amount is reduced to recognise the decline.
- (iv) Investments made by non-integral foreign branches are stated at cost by converting at the closing rate of exchange at the balance sheet date.
- (v) Current investments are valued at cost or market/fair value whichever is lower, for each investment individually.
- (vi) Premium/discount on purchase of bonds is amortised in equal annual installments over the life of the bond.
- (vii) A provision for diminution is made to recognise a decline, other than temporary, in the value of long term investments.

T. In the case of BIL group:

- (i) Trade receivables and loans and advances:
Sundry debtors and loans and advances are stated after making adequate provision for doubtful debts and advances.
- (ii) Employee share based payments:
The Group measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense, if any, is amortised over the vesting period of the option on a straight line basis.
- (iii) Capital subsidy:
Capital subsidy related to depreciable fixed assets is treated as deferred income and recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.
- (iv) Government grants related to revenue:
Government grants related to revenue are recognised in the statement of profit and loss on a systematic basis over the periods to which they relate.

C. The charge for retirement benefits of Al Sallan Food Industries Company SAOC, Strategic Food International Co. LLC and Britannia Lanka Private Limited has been calculated in accordance with the laws applicable in their countries of incorporation which amounts to ₹ **181 Lakhs** (Previous Year ₹ 114 Lakhs).

40. In April 2007, the Commissioner of Income Tax (CIT), Kolkata issued a notice to BIL's (the Company's) Covenanted Staff Pension Fund (BILCSPF) asking it to show cause why recognition granted to the Fund should not be withdrawn for refunding in the year 2004, the excess contribution of ₹ **1,211.99 Lakhs** (Previous Year ₹ 1,211.99 Lakhs) received by it in earlier years. The Single Judge of the Calcutta High Court, on a writ petition, granted a stay restraining the CIT from proceeding with the show case notice but with a direction to BIL to deposit ₹ **1,211.99 Lakhs** (Previous Year ₹ 1,211.99 Lakhs) (included in Deposits under Schedule 10) with a nationalized bank in the name of the Fund. On appeal, the Division Bench of the Calcutta High Court disposed of the writ petition pending before the Single Judge. The Fund filed a Special Leave Petition before the Supreme Court against the order of the Division Bench. The Supreme Court at its hearing on 12 May 2008 has set aside the order of the Division Bench of the Calcutta High Court. As a condition of the stay order granted, the Company has, under protest, made the deposit as per the direction of Hon'ble Calcutta High Court.

Pursuant to the directions of the Honourable Madras High Court, the CIT, Kolkata passed orders rejecting the deeds of variation submitted in May 2005 by the Company's Pension Funds on technical grounds. The Company preferred appeals before the Central Board of Direct Taxes (CBDT), New Delhi challenging the orders of the CIT. CBDT passed Orders in the said appeals in March 2011 directing the Company inter alia to submit deeds of variation incorporating the modifications in line with the directions made in the Orders effective 1 November 2004. The modified deeds of variation in line with the directions contained in the CBDT Orders have already been filed with the CIT, Kolkata, for his approval. In writ petitions filed by some of the pensioners, the Honourable Madras High Court has passed an interim order restraining the CIT, Kolkata, from approving the deeds of variation pending disposal of the writ petitions.

41. A suit was filed by the Britannia Industries Limited Pensioners Welfare Association (the Association) in the Honourable City Civil Court and Sessions Judge, Bangalore, where the Honourable Court passed interim orders on 1 January 2009 and 10 February 2009, directing the Funds to pay pension to the Members in accordance with the computation made and submitted by the Pension Funds to the Court. This computation was on a defined contribution basis, and is consistent with the pension offered by the Pension Funds to eligible employees at the time of their retirement/exit. The Funds have been complying with the said order. In April, 2010, the Honourable Judge passed another interim order requiring the Funds to pay pension as per Rule 11(a) of the Pension Fund Rules, i.e. on "Defined Benefit Basis", and gave the Funds two months' time for complying with the order. In an appeal filed against this Order in the Honourable Karnataka High Court, the Honourable Karnataka High Court in April 2010 modified the Trial

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Court's order so as to extend the time limit from two months to three months and in July 2010, further modified the Trial Court's order directing inter alia that the pension shall be paid as per Rule 11(a) from the date of filing of the suit by the Association in the Honourable Bangalore City Civil Court, i.e. with effect from 17th June, 2008. The Company filed Special Leave Petitions (SLPs) in the Honourable Supreme Court against the above order of the Honourable Karnataka High Court. The Honourable Supreme Court passed an order in January 2011 disposing of the SLPs and directing inter alia that the interim order passed by it in September 2010 directing that the Pension Funds should continue to pay pension as per the interim order passed by the Bangalore City Civil Court on 1 January 2009 would continue till disposal of the suit by the Trial Court. The proceedings in the main suit are currently in progress in the Honourable Bangalore City Civil Court.

The Company believes, based on current knowledge and after consultation with eminent legal counsel that the resolution of the matter will not have material adverse effect on the financial statements of the Company.

42. With respect to Al Sallan Food Industries Co. SAOC, the Company's income tax assessments for the year 2008 to 2012 have not been agreed with the Secretariat General for Taxation at the Ministry of Finance, Oman. Management believes that additional taxes, if any, that may become payable on finalisation of the assessments in respect of these open years would not be material to the Company's financial position as at 31 March 2013. No tax has been recognised due to carried forward accumulated losses of prior years.

43. Managerial Remuneration paid for the year 2012-2013:

(1) Remuneration paid to Mr. Ashok Panjwani: ₹ **205.39 Lakhs** (*Previous Year ₹ 135.78 Lakhs*), as minimum remuneration in terms of approval of shareholders and Schedule XIII of the Companies Act, 1956, subject to the approval of Central Government if and to the extent necessary.

By virtue of Gen Circular 46/2011 dated 14.07.2011 of the Ministry of Corporate Affairs, the remuneration paid to Mr. Ashok Panjwani, although in excess of the limits prescribed under Schedule XIII of the Companies Act, 1956 due to inadequacy of profit, does not require any further approval from Central Government since he satisfies both conditions of exemption viz. being a qualified professional director and not having any direct/ indirect interest in the capital of the Corporation under the said circular.

(2) Remuneration paid to Mr. Ness Wadia: ₹ **190.03 Lakhs** (*Previous Year ₹ 190.03 Lakhs*), as minimum remuneration in terms of approval of shareholders and Schedule XIII of the Companies Act, 1956, subject to the approval of Central Government if and to the extent necessary.

In view of inadequacy of profit the Corporation has made an application to the Central Government for approval of excess remuneration of ₹ **78.99 Lakhs** (*Previous Year ₹ 107.52 Lakhs*), paid to Mr. Ness Wadia, in excess of the limits prescribed by Schedule XIII of the Companies Act, 1956. The application has been made as Mr. Ness Wadia holds direct and indirect interest in the capital of the Corporation, although the condition of holding professional qualification is satisfied under the said circular.

44. Capital Subsidy:

In the case of BIL, during the year ended 31 March 2013, an amount of ₹ 5 crores has been received towards capital subsidy for the Hajipur Factory, Bihar in accordance with the State Industrial Policy of Bihar. Out of this, an amount of ₹ **18 Lakhs** has been recognised as income (net off with depreciation) in the statement of profit and loss and the outstanding amount of ₹ **482 Lakhs** has been classified as capital subsidy in the balance sheet [Refer note T (iii)].

45. Export benefits/Incentives are accounted on accrual basis. Accordingly, on the Balance Sheet date, in respect of Exports made, estimated benefit of ₹ **337.41 Lakhs** (*Previous Year ₹ 158.57 Lakhs*) has been taken into account for the year as incentive on accrual basis under the pass book scheme. Subsequent to that, the Corporation has utilized the said entitlement of ₹ **337.41 Lakhs** (*Previous Year ₹ 158.57 Lakhs*).

46. Derivative contracts:

BIL (the Company) has entered into the following derivative contracts for hedging its borrowings and interest costs in foreign currencies:

Foreign Currency Forward Contracts: The Company has entered into foreign exchange forward contracts for hedging the foreign exchange fluctuation risks on foreign currency payables/loans, which has been accounted for in line with Accounting Standard 11 - "The Effects of Changes in Foreign Exchange Rates". Accordingly, the amount receivable of ₹ **2,571 Lakhs** (*Previous Year: ₹ 2,757 Lakhs*) and loan payable of ₹ **2,007.72 Lakhs** (*Previous Year: ₹ 2,007.72 Lakhs*), relating to foreign exchange forward contracts for hedging have been netted off and disclosed under 'Short-term loans and advances (Previous Year: Long-term loans and advances)'

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Company has designated certain foreign exchange forward contracts (relating to foreign currency receivables and payables) outstanding as on 31 March 2012 as hedge of committed transaction. On that date, the Company had forward contracts amounting to USD 1,741,026 and EUR 39,150 (Previous Year: USD 2,158,505 and EUR 66,000). As at the year end the unrealized exchange gain of ₹ 5 Lakhs has not been accounted for (Previous Year: unrealized exchange loss of ₹ 19 Lakhs was accounted for) (arrived on a mark to market basis) in line with the ICAI notification issued in March 2008.

The foreign currency exposures not hedged towards payables / receivables as at the year end, amount to **USD 185,294/₹ 101 Lakhs** (Previous Year: USD 148,891 / ₹ 76 Lakhs).

47. In the case of BBTCL Group, on the basis of confirmation obtained from suppliers who have registered under The Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006) and based on the information available with the Corporation the balance due to Micro & Small Enterprises as defined under the MSMED Act, 2006 is ₹ Nil (Previous Year ₹ Nil). Further, no interest during the year has been paid/or is payable/accrued under the terms of the MSMED Act, 2006.
For the BIL Group, trade payables due to Micro, Small and Medium Enterprises is ₹ 596 Lakhs (Previous Year ₹ 449.62 Lakhs).
48. By a Postal Ballot held vide notice dated 8th August, 2012 the shareholders of the Corporation approved the sub-division of equity shares. A share of face value of ₹ 10/- each has been sub-divided into 5 equity shares of face value of ₹ 2/- each. The effective date for the sub-division was 9th November, 2012. The disclosure of number of shares in the Particulars of Shareholding and the disclosure of Earnings per share (in compliance with AS-20) for all the reported periods has been arrived at after giving effect to the above sub-division.
49. The Committee of the Board of Directors ('the Board'), at its meeting held on 22 March 2010, pursuant to the scheme of arrangement ('the Scheme') sanctioned by the Honourable Calcutta High Court on 11 February 2010 under Section 391(2) of the Companies Act, 1956 ('the Act'), allotted 8.25% secured fully paid-up Redeemable non-convertible bonus debentures ('the bonus debentures') from the general reserve, in the ratio of one debenture of the face value of ₹ 170/- for every equity share held by the shareholders of the Company as on 9 March 2010. The date of allotment of bonus debentures is 22 March 2010. The Scheme was earlier approved by the Board at its meeting held on 27 May 2009 and by the shareholders at the general meetings held on 31 August 2009. The bonus debentures have been listed on the Bombay Stock Exchange Limited, National Stock Exchange of India Limited and the Calcutta Stock Exchange Limited. The Issue of bonus debentures has been treated as 'deemed dividend' under the provisions of the Income tax Act, 1961. Accordingly, the Company has remitted ₹ Nil (Previous Year ₹ 6,902.22 Lakhs) as dividend distribution tax and has utilised General Reserve for the payment of the same, pursuant to the Scheme. The scheme involves issuance of bonus debentures out of General Reserve and does not entail any real borrowing, accordingly, the requirement of creating a Debenture Redemption Reserve pursuant to Section 117C of the Act or Clause 10.3 of SEBI (Disclosure and Investor Protection) Guidelines, 2000 issued under the Securities and Exchange Board of India Act, 1992 is not applicable. This has also been noted in the scheme of arrangement sanctioned by the Honourable Calcutta High Court.
50. In an earlier year, the Corporation took up development of Real Estate in the vacant properties at Pune, Coimbatore and Mumbai, and converted these assets as stock-in-trade at cost.
51. Adjustment of erstwhile EAPL's profits, ₹ 139.64 Lakhs, dividend adjustment of ₹ 4,857.00 Lakhs, dividend distribution tax adjustment of ₹ 1,647.00 Lakhs, General Reserve adjustment ₹ 957.93 Lakhs, pertains to the previous year.
52. Figures in respect of current financial year have been rounded off to the nearest thousand and are expressed in terms of decimals of lakhs.

The Wadia Group

The Group has scaled great heights in innovation and entrepreneurship, inspired by the centuries-old legacy of goodwill and trust. The British Coat of Arms, granted to Nowrosjee Wadia, symbolises this legacy and the Wadia group's commitment to advancement and innovation.

The crest is a representation of the Group, its philosophy, beliefs and businesses.

The crest and base of the shield represent the family origins in the shipbuilding industry during the 1700s. The middle and upper parts of the shield depict the Group's interests in cotton growing and its links with England in the form of the Lancastrian rose. The hand holding the hammer atop the shield signifies industriousness, together with workmanship and skill. The sun that surrounds the hand stands for global recognition and merit.

The motto, IN DEO FIDE ET PERSEVERANTIA means 'Trust in God and Perseverance'.
