About CRISIL Research

CRISIL Research, a division of CRISIL, is India's largest independent integrated research house and is registered as a Research Analyst with SEBI (Registration No INH000007854). We provide insights, opinion, analysis, and data on the Indian economy, industry, capital markets, and companies. We also conduct executive training programs, predominantly in the area of credit and risk management. We are India's one of the most credible providers of economy and industry research. Our analysis is supported by inputs from our large network of sources, including industry experts, industry associations, and trade channels. We play a key role in India's fixed income markets, being the largest provider of valuation of fixed income securities to the mutual fund, insurance, and banking sector in the country. We are also a prominent provider of debt and hybrid indices to India's mutual fund and life insurance industries as benchmarks for performance assessment.

CRISIL Research also undertakes Equity and Debt valuation, publishes Mutual Fund Ranking for mutual fund schemes (across equity, debt, and hybrid asset classes) and provides Portfolio Analytics for Institutional Investors, which involves deep analysis of portfolio for corporates, pension funds, and provident funds at an asset class level. Our platform for wealth managers, Alphatrax, offers in-depth analysis of performance and portfolio-based attributes for diverse asset classes. It also enables investors to assess industry and company level risks based on CRISIL's proprietary models. We also provide Equity Support services to the domestic market intermediaries that use our research reports to assist their clients in making investment decisions in relation to listed or to be listed securities in India.

Quantix, our integrated data and analytics platform, finds use in diverse functions across the financial sector, corporates, and consulting firms including business strategy, deal/ loan origination, credit underwriting, risk monitoring, and treasury/ investment management.

Our Company reports (that combine select financial and non-financial data, analytics from our proprietary risk models, and commentary on company's financial performance) are used by large commercial banks and financial institutions as part of their credit/ risk management process.

Our SME Performance Gradings, used by lenders, assess creditworthiness of SME enterprises relative to the peers leveraging our proprietary grading model. The framework includes assessment of entity-level financial and operating performance, as well as industry-level drivers.

Our defining trait is the ability to convert information and data into expert judgments and analytics with utmost objectivity. We leverage our deep understanding of the macro-economy and our extensive sector coverage to provide unique insights on micro-macro and cross-sectoral linkages.

Our talent pool comprises of economists, sector experts, company analysts and information management specialists.
