## **Directors' Report**

---

The directors submit their report together with the audited annual financial statements for the year ended March 31, 2024.

### **1. Principal activity**

The principal activity of the company is the manufacture of biscuits. The company operates principally in Kenya.

### **2. Business review of financial results and activities**

The annual financial statements have been prepared in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Kenyan Companies Act, 2015. The accounting policies have been applied consistently compared to the prior year.

The company recorded a loss after tax for the year ended March 31, 2024 of Ksh (143,604,298). This represented an increase of 188.97% from the loss after tax of the prior year of Ksh (49,695,482).

Company revenue increased by 184.14% from Ksh 152,365,257 in the prior year to Ksh 432,925,188 for the year ended March 31, 2024.

The above increase in loss after tax and revenue was due to prior year operations for only 6 months compared with 12 months for the current period.

Company cash flows from operating activities increased by 23.77% from Ksh (85,034,226) in the prior year to Ksh (64,821,620) for the year ended March 31, 2024.

The movement for the above financial results for the year ended March 31, 2024 have been attributed due to the following:

The company continued to experience tough market competition, price sensitivity in the market and inflationary commodity prices and steep adversity in USD- KES exchange rate. The company incurred trial costs for various variants launched during the year which also contributed to its net loss. The company has seen reasonable traction for the Britannia brand's product like Bourbon and Goodday in general trade in 2023-24.

Having said that, the business has an optimistic outlook for the coming year. Revenue is steadily rising month on month. The company is gradually launching its premium line of Britannia range products and plans to aggressively expand in modern trade. At the same time, business will prioritise on distribution expansion across regions in Kenya and also tap on export opportunities in East Africa. The emphasis will be given to scale up the volumes to fully absorb the fixed costs.

Exchange rate adversity cooled down towards the end of the year and prices for major commodities like flour and sugar started showing a downwards trend. The inflationary prices are also being addressed through efficient procurement plans, robust review mechanisms and extracting more savings by efficient management of end-to-end supply chain costs. The company will focus to drive efficiencies in production with respect to reduction of change over time and better factory utilisation with higher volumes.

### **Legal, regulatory and compliance**

The company has put in place robust fiduciary systems and standards. The company is also compliant with the Kenyan Government tax regime, Kenyan Companies Act, 2015, and statutory requirements.

### **Internal controls**

The company has reasonably adequate internal control systems which are being constantly reviewed by management. Standard operating procedures and policies are in place which are being adhered to.

### **Political and security risks**

The company continues to monitor the political and security situation within the country and acts as and when required.

### **Employees**

The company believes that employees are the core contributors and assets in developing the company to reach at this level. The team is working cohesively to achieve the business goals. The company indulges into continuous hygiene and safety training programmes.

### Directors' Report

---

#### 3. Share capital

Refer to note 16 of the annual financial statements for detail of the movement in authorised and issued share capital.

#### 4. Dividends

The board of directors does not recommend the declaration of a dividend for the year.

#### 5. Directors

The directors in office at the date of this report are as follows:

Mikul Nilesh Shah  
Kirtan Velji Shah  
Vishal Bhimani  
Annu Gupta  
Ravi Kishore Soni

There have been no changes to the directorate for the year under review.

#### 6. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

#### 7. Statement of disclosure to the company's auditor

With respect to each person who is a director on the day that this report is approved:

- there is, so far as the person is aware, no relevant audit information of which the company's auditor is unaware; and
- the person has taken all the steps that he or she ought to have taken as a director to be aware of any relevant audit information and to establish that the company's auditor is aware of that information.

#### 8. Terms of appointment of the auditor

Grant Thornton LLP continues in office in accordance with the company's Articles of Association and Section 719 of the Kenyan Companies Act, 2015. The directors monitor the effectiveness, objectivity and independence of the auditor. The directors also approve the annual audit engagement contract which sets out the terms of the auditor's appointment and the related fees.

#### 9. Approval of annual financial statements

The annual financial statements set out on pages 9 to 22, which have been prepared on the going concern basis, were approved by the board of directors on April 26, 2024, and were signed on its behalf by:

(Director)

## Kenafric Biscuits Limited

Annual Financial Statements for the year ended March 31, 2024

### Statement of Directors' Responsibilities

---

The Kenyan Companies Act, 2015 requires the directors to prepare annual financial statements for each financial year that give a true and fair view of the financial position of the company as at the end of the financial year and of its profit or loss for that year. It also requires the directors to ensure that the company maintains proper accounting records that are sufficient to show and explain the transactions of the company and disclose, with reasonable accuracy, the financial position of the company. The directors are also responsible for safeguarding the assets of the company, and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors accept responsibility for the preparation and presentation of these annual financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and in the manner required by the Kenyan Companies Act, 2015. They also accept responsibility for:

- designing, implementing and maintaining such internal controls as they determine necessary to enable the presentation of annual financial statements that are free of material misstatement, whether due to fraud or error;
- selecting suitable accounting policies and applying them consistently; and
- making accounting estimates and judgements that are reasonable in the circumstances.

Having made an assessment of the company's ability to continue as a going concern, the directors are not aware of any material uncertainties related to events or conditions that may cast doubt upon the company's ability to continue as a going concern.

The directors acknowledge that the independent audit of the annual financial statements does not relieve them of their responsibilities.

The annual financial statements set out on pages 9 to 22, which have been prepared on the going concern basis, were approved by the board of directors on April 26, 2024 and were signed on its behalf by:

## Independent Auditor's Report

---

To the Shareholder of Kenafric Biscuits Limited

Report on the Audit of the Annual Financial Statements

### Opinion

We have audited the annual financial statements of Kenafric Biscuits Limited (the company) set out on pages 9 to 22, which comprise the statement of financial position as at March 31, 2024, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes to the annual financial statements, including a summary of significant accounting policies.

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of Kenafric Biscuits Limited as at March 31, 2024, and its financial performance and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Kenyan Companies Act, 2015.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Annual Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and other independence requirements applicable to performing audits of Auditor's Responsibilities for the Audit of the Annual Financial Statements in Kenya. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and in accordance with other ethical requirements applicable to performing audits in Kenya. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other Information

The directors are responsible for the other information. The other information comprises the information included in the Directors' Report as required by the Kenyan Companies Act, 2015, which we obtained prior to the date of this report, and the Annual Report, which is expected to be made available to us after that date. The other information does not include the annual financial statements and our auditor's report thereon.

Our opinion on the annual financial statements does not cover the other information and we do not and will not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the annual financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Independent Auditor's Report

---

### Responsibilities of the Directors for the Annual Financial Statements

The directors are responsible for the preparation and fair presentation of the annual financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Kenyan Companies Act, 2015, and for such internal control as the directors determine is necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Annual Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Independent Auditor's Report

---

### Report on Other Legal and Regulatory Requirements

In our opinion the information given in the report of the directors on page 3 - 4 is consistent with the Annual Financial Statements.

The engagement partner responsible for the audit resulting in this independent auditor's report was CPA Alfred Siele, Practicing Certificate No. 1690.

## **Kenafric Biscuits Limited**

Annual Financial Statements for the year ended March 31, 2024

### **Significant Accounting Policies**

---

#### **1. Basis of preparation and summary of significant accounting policies**

The annual financial statements have been prepared on a going concern basis in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and the Kenyan Companies Act, 2015. For Kenyan Companies Act, 2015 reporting purposes in these financial statements, the balance sheet is represented by the statement of financial position and the profit and loss account is represented by the statement of profit or loss and other comprehensive income.

The annual financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in Kenyan Shillings and rounded off to the nearest Shilling.

##### **1.1 Significant judgements and sources of estimation uncertainty**

###### **Critical judgements in applying accounting policies**

Management did not make critical judgements in the application of accounting policies, apart from those involving estimations, which would significantly affect the annual financial statements.

###### **Key sources of estimation uncertainty**

###### **Useful lives of property, plant and equipment**

The company reviews the estimated useful lives of property, plant and equipment when changing circumstances indicate that they may have changed since the most recent reporting date.

###### **Allowance for slow moving, damaged and obsolete inventory**

Management assesses whether inventory is impaired by comparing its cost to its estimated selling price less costs to complete and sell. Where an impairment is necessary, inventory items are written down to selling price less costs to complete and sell.

###### **Impairment testing**

The company reviews and tests the carrying value of property, plant and equipment and intangible assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. When such indicators exist, management determine the recoverable amount by performing value in use and fair value calculations. These calculations require the use of estimates and assumptions. When it is not possible to determine the recoverable amount for an individual asset, management assesses the recoverable amount for the cash generating unit to which the asset belongs.

###### **Provisions**

Provisions are inherently based on assumptions and estimates using the best information available.

##### **1.2 Property, plant and equipment**

Property, plant and equipment are tangible assets which the company holds for its own use and which are expected to be used for more than one period.

Property, plant and equipment is initially measured at cost.

Cost includes costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the company and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the period in which they are incurred.

Property, plant and equipment is subsequently stated at cost less accumulated depreciation and any accumulated impairment losses, except for land which is stated at cost less any accumulated impairment losses.

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the company.

## KenafriC Biscuits Limited

Annual Financial Statements for the year ended March 31, 2024

### Significant Accounting Policies

---

#### 1.2 Property, plant and equipment (continued)

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Useful life
Plant and machinery	Straight line	10 years
Furniture and fixtures	Straight line	8 years
Motor vehicles	Straight line	5 years
Computers and copiers	Straight line	5 years

The depreciation charge for each period is recognised in profit or loss unless it is included in the carrying amount of another asset.

When indicators are present that the useful lives and residual values of items of property, plant and equipment have changed since the most recent annual reporting date, they are reassessed. Any changes are accounted for prospectively as a change in accounting estimate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its continued use or disposal. Any gain or loss arising from the derecognition of an item of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, is included in profit or loss when the item is derecognised.

#### 1.3 Financial instruments

##### Initial measurement

Financial instruments are initially measured at the transaction price (including transaction costs except in the initial measurement of financial assets and liabilities that are measured at fair value through profit or loss) unless the arrangement constitutes, in effect, a financing transaction in which case it is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

##### Financial instruments at amortised cost

These include loans, trade receivables and trade payables. Those debt instruments which meet the criteria in section 11.8(b) of the standard, are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

#### 1.4 Tax

##### Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

The tax liability reflects the effect of the possible outcomes of a review by the tax authorities.

##### Tax expenses

Tax expense is recognised in the same component of total comprehensive income or equity as the transaction or other event that resulted in the tax expense.

#### 1.5 Inventories

Inventories are measured at the lower of cost and estimated selling price less costs to complete and sell, on the weighted average cost basis.

## **Kenafric Biscuits Limited**

Annual Financial Statements for the year ended March 31, 2024

### **Significant Accounting Policies**

---

#### **1.6 Share capital**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are recognised at par value and classified as 'share capital' in equity. Any amounts received from the issue of shares in excess of par value is classified as 'share premium' in equity.

#### **1.7 Employee benefits**

##### **Short-term employee benefits**

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as leave pay and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

##### **Defined contribution plans**

Payments to defined contribution retirement benefit plans are charged as an expense as they fall due.

The company and its employees also contribute to the National Social Security Fund (NSSF), a national defined contribution scheme. Contributions are determined by local statute and the company's contributions are charged to the statement of profit or loss and other comprehensive income in the year they fall due.

#### **1.8 Provisions**

Provisions are recognised when the company has an obligation at the reporting date as a result of a past event; it is probable that the company will be required to transfer economic benefits in settlement; and the amount of the obligation can be estimated reliably.

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised as interest expense.

Provisions are not recognised for future operating losses.

#### **1.9 Revenue**

Revenue is recognised to the extent that the company has transferred the significant risks and rewards of ownership of goods to the buyer, or has rendered services under an agreement provided the amount of revenue can be measured reliably and it is probable that economic benefits associated with the transaction will flow to the company. Revenue is measured at the fair value of the consideration received or receivable, excluding sales taxes and discounts.

#### **1.10 Other income**

Rental income from operating leases is recognised on a straight line basis over the period of the lease.

#### **1.11 Foreign exchange**

##### **Foreign currency transactions**

Exchange differences arising on monetary items are recognised in profit or loss in the period in which they arise.

All transactions in foreign currencies are initially recorded in Shillings, using the spot rate at the date of the transaction. Foreign currency monetary items at the reporting date are translated using the closing rate. All exchange differences arising on settlement or translation are recognised in profit or loss.

### Notes to the Annual Financial Statements

Figures in Shillings	2024	2023
<b>11. Intangible assets (continued)</b>		
<b>Reconciliation of intangible assets - 2023</b>		
	Opening balance	Total
Trademark	-	1,000
		1,000
<b>12. Deferred tax</b>		
<b>Unrecognised deferred tax asset</b>		
Deferred income tax is calculated using the enacted income tax rate of 30%. The movement on the deferred income tax account is as follows:		
At start of the year	14,535,771	-
Movement in the year	41,351,018	14,535,771
<b>Not recognised as a deferred tax asset</b>	<b>55,886,789</b>	<b>14,535,771</b>
	At start of the year	At the end of year
		Credit (charge) to profit or loss
Tax losses	43,102,960	45,384,944
Unrealised exchange loss	347,449	(2,530,941)
Provision	240,000	326,866
Accelerated capital allowances	(29,154,638)	(1,829,851)
	<b>14,535,771</b>	<b>41,351,018</b>
		<b>55,886,789</b>
Deferred tax assets are recognised only to the extent that it is possible that future taxable profits will be available against which temporary differences can be utilised. The deferred income tax asset has not been recognised as the company is yet to record taxable profit therefore, the availability of future taxable profits to utilise the net asset in doubt. The net deferred income not recognised is attributable to the above.		
<b>13. Inventories</b>		
Raw materials	11,244,394	24,002,039
Loose tools	1,187,365	189,891
